

ROBIN MORDASIEWICZ

MULTI-CLOUD SOLUTIONS ENGINEER

ABOUT

Senior Sales Engineer covering major accounts, with a focus on multi-cloud networking, application security, and kubernetes solutions.

WORK EXPERIENCE

F5 Inc.

801 5th Ave Seattle, WA 98104

F5 Distributed Cloud Services are SaaS-based security, networking, and application management services that enable customers to deploy, secure, and operate their applications in a cloud-native environment wherever needed—data center, multi-cloud, or the network or enterprise edge.

May 2021 – May 2023

Cloud Solutions Engineer

Solution selling, focusing on F5 Distributed Cloud, positioning multi-cloud networking, application security and kubernetes based pipelines. In the SME overlay role I was responsible for account discovery, product presentations, demonstrations, and proof of concept, including automation with terraform across multiple clouds with on-prem datacenters. In the cloud overlay team I was responsible for architecting CICD pipeline integrations including github-actions, docker containers, argocd, jenkins, nginx ingress controller. Cloud based Web Application Firewalls, API protections, and networking application delivery with GSLB as well as anycast architectures.

Highlights

Covering financial services in North America

Multi Cloud Networking

Cloud Automation with Terraform

Web App and API Protection
