WORK EXPERIENCE CEO/

2013-12-01 то 2014-12-01

CEO/President:

Pied Piper is a multi-platform technology based on a proprietary universal compression algorithm that has consistently fielded high Weisman $Scores^{TM}$ that are not merely competitive, but approach the theoretical limit of lossless compression.

- Build an algorithm for artist to detect if their music was violating copy right infringement laws
- · Successfully won Techcrunch Disrupt
- Optimized an algorithm that holds the current world record for Weisman Scores
